

Redesigning Kansas City's DOWNTOWN TRANSIT

A vision for improving Downtown bus service

The Kansas City Area Transportation Authority is studying a long-term strategic plan for Downtown's transit future.

This vision to create a more intuitive, faster, and integrated system includes:

- Transit emphasis corridors along Grand, 11th and 12th Streets
- Dedicated bus lanes
- Improved transit stations
- New transit hubs

The public is invited to learn more, ask questions, and comment on proposed downtown route changes along the transit emphasis corridors and on conceptual designs of proposed transit facilities.

More information: www.kcata.org

What: Public Community Meetings

When: July 17, 2014

Where: Kansas City Central Library
Multipurpose Room, Vault Level
14 W. 10th Street, Kansas City, MO
